Art AIDS Atlanta
February 20-May 22, 2016

This exhibition was developed by the Zuckerman Museum of Art as a companion for Art AIDS America. The intention was to put the metro-Atlanta community’s voice into dialogue with the larger national exhibition.

EXHIBITION CHECKLIST

Founded in 1989, SisterLove, Incorporated is on a mission to eradicate the adverse impact of HIV/AIDS and other reproductive health challenges upon women and their families through education, prevention, support and human rights advocacy in the United States and around the world.

SisterLove members participate in “craftivism,” or crafting-based activism. They create crafts such as those featured here and offer them for sale. Members then use the funds to attend conferences, leadership training, and to access other skill-building services.
